THE ANNUAL PUBLICATION

Rose Polytechnic Institute

Terre Haute, Indiana

*Prominent Alumni of
Rose Polytechnic Institute*

Row One

WILLIAM S. SPEED, B.S., '95; M.S., '97; M.E., '99; Eng.D., '33
*President, Louisville Cement Co.; President, Black Star Coal Co.,
Beaver Dam Coal Co., Pioneer Coal Co.*
315 Guthrie St., Louisville, Kentucky.

W. ARNOLD LAYMAN, B.S., '92; M.S., '94; E.E., '99; Eng.D., '33
Industrial Consultant
141 W. Jackson Blvd., Chicago, Illinois.

ALONZO J. HAMMOND, B.S., '89; M.S., '94; C.E., '98; Eng.D., '33
Consulting Engineer
1035 Cleveland Ave., Evanston, Illinois.

Row Two

HARRISON W. CRAVER, B.S., '95; Sc.D., '33
Director, Engineering Societies Library
29 West 39th St., New York, N. Y.

WILLIAM S. MENDEN, B.S., '91; C.E., '32; Eng.D., '33
President, Brooklyn-Manhattan Transit Co.
385 Flatbush Ave., Ext., Brooklyn, N. Y.

HARRY A. SCHWARTZ, B.S., '01; M.S., '03; M.E., '05; Ch.E., '31; D.Sc., '33
Mgr. of Research, Natl. Malleable & Steel Castings Co.
10600 Quincy Ave., Cleveland, Ohio.

Dedication

To the alumni, who, in their
many fields of endeavor, have
brought only honor, esteem, and re-
spect to Rose Polytechnic Institute.

CHAUNCEY ROSE

The founder of Rose Polytechnic Institute

Chauncey Rose was born in Wethersfield Meadows, Connecticut, December 24, 1794, and died at Terre Haute, Indiana, August 13, 1877. John Rose, his father, was the son of John Rose, who emigrated from the highlands of Scotland about the year 1700. Mary Warner, his mother, was the daughter of John Warner, of Wethersfield.

The education of Chauncey Rose was limited to a brief attendance of the common schools, but he inherited good health, perseverance, and a strong intellect.

In 1825 Mr. Rose, with a capital of \$2,000, came to Terre Haute and engaged in trade. He invested his profits in some land which, being adjacent to the town of Terre Haute, soon increased in value. This same land was ultimately incorporated into a part of the city of Terre Haute.

Few men have left as many evidences of a humane and philanthropic spirit or have bestowed their charities so wisely as has Chauncey Rose. His donations to hospitals and educational institutions in and near Terre Haute will make his name remembered for many years.

Rose Polytechnic Institute today

Rose Polytechnic Institute was founded in 1874 by Chauncey Rose. The corporate name of the school at that time was "The Terre Haute School of Industrial Science", and it was located at 13th and Locust Street.

The laying of the first cornerstone took place on September 11, 1875, and the board of managers changed the name of the institution, over the protests of Mr. Rose, to Rose Polytechnic Institute.

Work was carried on at the Locust Street site for many years. However, in 1917 a great need for more room to carry on the work of the institute was felt. Sensing this need, Messrs. Anton and Herman Hulman donated a beautiful tract of one hundred and twenty-three acres of land just east of Terre Haute on national road 40. The first building on this land was constructed in 1921-1922, and the first classes were held in the fall of 1922.

In the spring of 1927 Deming Memorial Hall was completed; its accommodations are ample for fifty-two students.

Rose offers courses in Chemical, Civil, Electrical, and Mechanical Engineering. Although a small school, Rose has an enviable position in the engineering field.

The donors who have made Rose Polytechnic Institute possible are: Chauncey Rose, Josephus Collett, Demas Deming, Susan K. (Heminway) Francis, William S. Rea, James McGregor, Anton and Herman Hulman, the alumni, and many other citizens of Terre Haute.

PRESIDENT DONALD BISHOP PRENTICE

President Prentice was born at Hartford, Connecticut, on April 27, 1889. He was graduated in 1910 from the Sheffield Scientific School of Yale with the degree of Ph.B. in Mechanical Engineering. For the next two years he was employed with the Briton Company of Hartford, Connecticut. He then became assistant instructor in Mechanical Engineering at Yale, and in 1914 was awarded the degree of Mechanical Engineer by Yale. In 1917 Mr. Prentice was appointed assistant professor of Mechanical Engineering at Lafayette College, and in 1918 he was promoted to the full professorship. In 1921 he was elected chairman of engineering; three years later he became Dean of Lafayette College. During the school year 1926-1927 Mr. Prentice was acting president and was awarded the M.A. degree in Education.

Dr. Prentice became president of Rose Polytechnic Institute in February, 1931; he received the degree of LL.D. from Wabash College in 1932.

Administration

DONALD B. PRENTICE

President and Professor of Economics in Engineering

Ph.B., 1910, Yale; M.A., 1914, Yale; M.A., 1927, Lafayette College; LL.D., 1932, Wabash College.

Fellow American Association for the Advancement of Science, Member of the American Association of University Professors, American Society of Mechanical Engineers, Society for the Promotion of Engineering Education, American Academy of Political and Social Science, Tau Beta Pi, Blue Key, Sigma Xi, Kappa Delta Rho, Book and Bond, Kappa Phi Kappa.

JOHN WHITE

Vice-President and Professor of Chemical Engineering.

B.S., 1888, Johns Hopkins University; A.M., 1891, Johns Hopkins University; Ph.D., 1891, Johns Hopkins University.

Fellow American Association for the Advancement of Science, Member of the American Chemical Society, American Association of University Professors, Society for the Promotion of Engineering Education, Indiana Academy of Science, Sigma Xi, Alpha Chi Sigma, Beta Theta Pi.

ROBERT L. MCCORMICK

Professor of Civil Engineering.

B.S., 1891, Rose Polytechnic Institute; M.S., 1906, Rose Polytechnic Institute; C.E., 1907, Rose Polytechnic Institute.

Member of the American Association of University Professors, Society for the Promotion of Engineering Education, Tau Beta Pi, Chairman of the National Student Chapter Committee of the American Society of Civil Engineers, President of the Indiana Section of the American Society of Civil Engineers, Trustee of the Indiana Engineering Society.

CLARENCE C. KNIPMEYER

Professor of Electrical Engineering.

B.S., 1907, University of Michigan.

Member of the American Institute of Electrical Engineers, Society for the Promotion of Engineering Education, American Association of University Professors, American Association for the Advancement of Science, Indiana Academy of Science, Sigma Xi, Chairman of the Indiana State Board of Registration for Professional Engineers.

CARL WISCHMEYER

Secretary of the Faculty and Professor of Mechanical Engineering.

B.S., 1906, Rose Polytechnic Institute; M.S., 1910, Rose Polytechnic Institute; M.E., 1920, Rose Polytechnic Institute.

Member of the American Association of Mechanical Engineers, American Association of University Professors, Society for the Promotion of Engineering Education, Tau Beta Pi, Alpha Tau Omega.

CLARENCE P. SOUSLEY

Professor of Mathematics.

B.A., 1909, Kentucky Wesleyan College; A.M., 1909, Kentucky Wesleyan College; Ph.D., 1915, Johns Hopkins University.

Member of the American Association of University Professors, Gamma Alpha.

BERTON A. HOWLETT

Professor of Physics.

B.S., 1913, Valparaiso University; A.B., 1914, Valparaiso University; M.S., 1917, University of Chicago; Ph.D., 1924, Indiana University.

Fellow of the Indiana Academy of Science, American Association for the Advancement of Science, Member of the American Physical Society, American Optical Society, Association of American Physics Teachers, American Association of University Professors, Phi Beta Kappa, Sigma Xi, Blue Key.

ORION L. STOCK

Professor of Drawing and Descriptive Geometry.

B.S. in Civil Engineering, 1908, Rose Polytechnic Institute; B.S. in Architecture, 1912, Rose Polytechnic Institute; M.S., 1914, Rose Polytechnic Institute.

Member of the American Association of University Professors, Society for the Promotion of Engineering Education, Indiana Academy of Science, Theta Kappa Nu, Tau Beta Pi.

JOSEPH H. STEVENSON

Professor of Military Science and Tactics

Captain, Corps of Engineers, United States Army, Member of Tau Nu Tau, Society of American Military Engineers.

ALFRED T. CHILD

Associate Professor of Chemical Engineering.

AB., 1898, Amherst College; A.M., 1900, Columbia University.

Member of the American Institute of Chemical Engineers, American Chemical Society, American Association of University Professors, Indiana Academy of Science, Society for the Promotion of Engineering Education, Alpha Chi Sigma, Delta Upsilon.

EDWIN W. MANN

Instructor in Chemistry.

B.Ch. E., 1918, Ohio State University; M.S., 1933, Ohio State University.

Member of the American Association of University Professors, Society for the Promotion of Engineering Education, Alpha Chi Sigma, Sigma Xi.

ROLAND E. HUTKINS

Associate Professor of Civil Engineering.

B.S., 1910, Brown University.

Member of the American Society of Civil Engineers, American Association of University Professors, Sigma Xi, Tau Beta Pi, Phi Gamma Delta.

HARVE N. CHINN

Assistant Professor in Civil Engineering and Mathematics.

B.S., 1923, Rose Polytechnic Institute; M.S., 1935, Iowa State College.

Member of the American Association of University Professors, Society for the Promotion of Engineering Education, Tau Beta Pi.

KARL SPANGENBERG

Instructor in Electrical Engineering.

B.S., 1932, Case School of Applied Science; M.S., 1933, Case School of Applied Science.

Member of the American Institute of Electrical Engineers, American Institute of Radio Engineers, Eta Kappa Nu, Tau Beta Pi, Pi Mu Epsilon, Gamma Phi, Gamma Alpha, Sigma Xi.

HENRY C. GREY

Instructor in Machine Design

Member of the American Society of Mechanical Engineers, American Association of University Professors, Society for the Promotion of Engineering Education, Tau Beta Pi.

PAUL G. HOEL

Assistant Professor in Mathematics

A.B., 1926, Luther College; A.M., 1929, University of Minnesota; Ph.D., 1933, University of Minnesota.

Member of the American Mathematical Society, American Association of University Professors.

THEODORE A. HUNTER

Instructor in Physics

B.S., 1923, University of Iowa; M.S., 1924, University of Iowa; E.E., 1931, University of Iowa.

Member of the American Physical Society, American Institute of Radio Engineers, American Association of University Professors, American Association for the Advancement of Science, Sigma Xi, Kappa Eta Kappa.

DONALD C. HAWKINS

Instructor in Military Science and Tactics

B.S., 1927, United States Military Academy; B.S., Civil Engineering, 1930, Cornell University.

1st Lieutenant, Corps of Engineers, United States Army, Member of Tau Nu Tau.

JOHN L. BLOXSOME

Librarian and Assistant Professor of English.

A.B., 1927, DePauw University; A. M., 1935, Chicago University.

Member of the American Association of University Professors, Society for the Promotion of Engineering Education, National Council of Teachers of English, Indiana Teachers of Speech, American Academy of Political and Social Science, Delta Upsilon.

FRED GENSCHMER

Instructor in Modern Languages.

A.B., 1928, Lake Forest College; A.M., 1929, University of Wisconsin; Ph.D., 1934, University of Illinois.

Member of the American Association of University Professors, Modern Language Association of America.

CHARLES E. PIETY

Instructor in Business Law.

A.B., 1920, Wabash College; LL.B., 1923, Harvard Law School.

Member of the American Bar Association, Beta Theta Pi, Phi Beta Kappa.

PHIL C. BROWN

Director of Athletics.

A.B., 1923, Butler University.

Phi Delta Theta.

GEORGE W. GREENLEAF

Assistant Professor of Shop Management.

Superintendent of Buildings and Grounds.

OSCAR L. RICHMOND

Instructor in Pattern Making.

FRANK W. MOONEY

Instructor in Foundry and Machine Practice.

MARVIN E. HANSEL

Assistant in Shop Practice.

SYLVESTER KEARNS

Instructor in Military Science and Tactics.

Warrant Officer, United States Army, Member of the Fifth District Reserve Officers Association, Society of American Military Engineers, Fort Harrison Post American Legion, George R. Spaulding Post Veterans of Foreign Wars, Tau Nu Tau.

BENJAMIN H. PINE

Bursar.

B.S., 1903, Rose Polytechnic Institute.

Alpha Tau Omega.

MARY GILBERT

Registrar.

HELEN MAHLEY

Secretary to the President.

A.B., Wellesley College.

Phi Beta Kappa.

HELEN ROEDEL

Assistant Librarian.

Seniors

Upon the threshold of graduation each senior knows he should be looking into the future trying to analyze his next moves, but perhaps it is this looking ahead that inadvertently causes our minds to revert to our bygone college days.

First our thoughts turn to our freshman days when the class of "36" first met. How shyly we looked around, wondering who the odd looking fellow next to us could be. Soon, however, we were all well acquainted, and these odd looking strangers became our best friends.

We remember vividly the class rooms, the professors, mid-terms, finals, and the new classes. Social activities, dances, parties, rush week, fraternities, and assemblies soon all became a part of our college life. Then, too, we were soon enveloped in the extra-curricular activities on the campus. All these together played a vital part in our college life.

We believe the class of "36" has distinguished itself by virtue of the outstanding men in the class. Our class has had its share of distinguished athletes, scholars, and leaders of all walks of campus life.

We now have reached the time of departing with a feeling of both regret and pleasure. We wish to express our most sincere gratitude and appreciation to the administration and faculty who have so unselfishly helped make our stay at Rose Tech enjoyable as well as profitable.

Juniors

Although our class is the smallest that a Junior Class at Rose has been for some time, it has kept in pace with all records set by past Junior Classes.

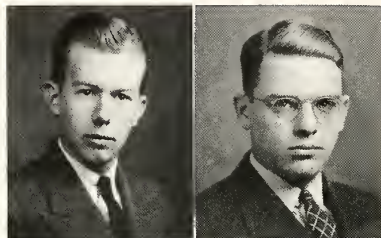

Our Junior Banquet, held on the eve of Halloween, will long remain in our memories. This event occurs only once in the students' life, but the memory lingers on.

The Junior Prom, the outstanding event of the spring social calendar, was held at the Country Club of Terre Haute, on May 9. A capacity crowd danced to the music of Chick Myers and his CBS orchestra, which was very pleasing.

We look forward to even more enjoyable occasions than the Prom and Banquet at Rose next year.

The foundation of the class organization of our first year at Rose Polytechnic Institute has remained intact to the extent that we have kept our antagonistic characters and have upheld the custom of forcing obedience of the freshmen's rules.

We realize that the midpoint of an important period in our lives has been reached and we are looking forward to the remaining two years with anticipation of coming events and the privilege of someday calling ourselves Rose men.

Freshmen

After being matriculated on September 17 and feted shortly thereafter by Blue Key at a smoker, the class of '39 assumed the superior attitude common to all freshmen. This elation, however, was short lived. During the second week of school the sophomore class called a meeting at which the "Freshman Commandments" were presented. A spirit of rebellion arose in our ranks, but the same was immediately quenched in the lake to insure complete acquiescence. Later on we performed our traditional duties with respect to "Rosie" and the homecoming festivities. Our activities then became limited until rush week—a great experience and lots of fun. With the cessation of rushing activities, we returned to our station of neophytes until a memorable St. Patrick's day. All commandments were lifted at that time!

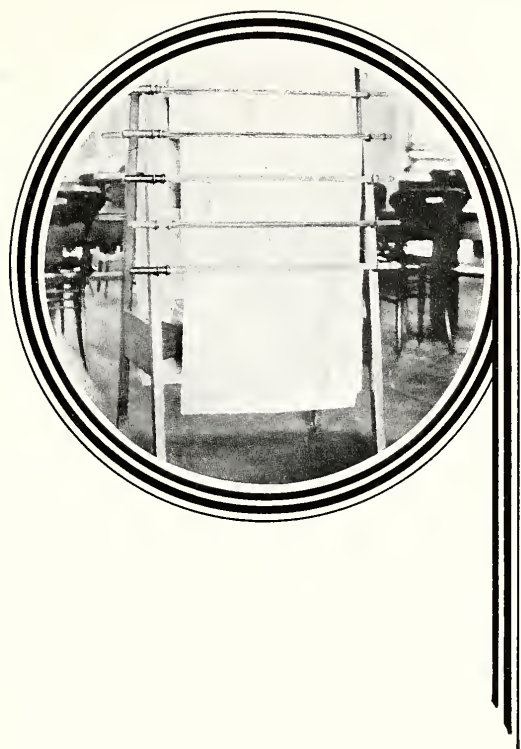

The class of '39 can indeed be proud of its record. We have been well represented in activities and have had representatives in all forms of varsity athletic competition. The class in general is composed of a fine group of fellows, and with the oncoming years, the associations which we have made since September 17, 1935, will become more cherished.

Let's hope that all of us graduate.

MODULUS STAFF

The first publication of the Modulus was brought about through the efforts of the senior class of 1892. The editor-in-chief of that book was Waldo Arnold Layman, who has since become one of the more prominent of the Rose alumni.

From 1896 to 1928 the book was published by the junior class at irregular intervals. However, in 1931 the student council made possible an "annual" annual. At this time, also, it was decided that all classes be permitted to serve on the staff.

The purpose of the Modulus is to bind in a permanent form a summary of the year's activities at Rose.

It is hoped that this purpose has, in some measure, been fulfilled in this issue.

TECHNIC STAFF

The Rose Technic is the official technical periodical of the students of Rose Polytechnic Institute. The Technic, founded in 1891, has had an unbroken history of progress. A few of the highlights of its development include: its admission to the Student Council in 1899, affiliation with Engineering Colleges Magazines Associated in 1921, and host to the Fourteenth Annual Convention of Engineering College Magazines Associated held at Rose on October 15-16, 1934.

This convention brought together representatives from the technical journals of the various engineering colleges of the country. To be chosen as host for such a convention is an honor which the Rose Technic is proud to have helped bring to Rose.

The Technic is of great importance because it offers to the student a medium for the publication of his own writings on technical subjects. This in itself is an invaluable aid to the student. In addition the Technic contains campus, sports, alumni, and humor departments—which provide information of school activities and entertainment.

It is with pride that the Technic points to the fact that, with only one or two exceptions, it has maintained an “A” rating as rated by the Engineering College Magazines Associated on all issues for five years. This is a record not surpassed by any magazine of the Association and equalled by only one or two others.

1935-1936 HANDBOOK

Until 1931 the Students' Handbook was published by the Y. M. C. A. and usually appeared at the opening of the Fall term. Since then it has been issued by the Student Council which prepares it in June and mails it to prospective freshmen. This plan is much better because it enables the entering student to become somewhat familiar with the school and its rules before he arrives.

The purpose of the Handbook is to place before the students some of the customs and regulations of the Institute. While it is of great service to the new student, the upper classmen find it a handy reference book to which they have frequent occasion to refer.

The Handbook is one of the most serviceable publications of the Institute and well repays the time and money it costs.

Activities

ROSE SHOW

Again Rose was on exhibit before the public! Before a public that was the largest since 1932.

Beginning in 1928, and every two years since then, the students of Rose have planned and executed a successful Rose Show. As a result of these past five shows the public for miles around has been afforded the opportunity to see, by means of well planned individual exhibits, the practical applications of many sound, theoretical principles.

Such an undertaking as a show has proved beneficial not only to the public, but also to the student who can, if he wishes, quite largely increase his store of knowledge.

The committees in charge of the 1936 Rose Show were as follows:

General Chairman—ROBERT SHATTUCK

Row II—Warren S. Sentman, General Manager of the Technic; Joseph H. Walker, Editor-in-Chief of the Modulus; Paul E. Giffel, Financial Secretary, 1936-1937; Neil A. Salisbury, President of the Camera Club; Lawrence Carroll, President of the Rifle Club.

Row III—Louis Duenweg, Representative of the Radio Club; C. Daniel Overholser, President of the Glee Club; Robert Shattuck, Representative of the Debate Club; Paul D. Bennett, President of the Athletic Association.

STUDENT COUNCIL

The membership of the Student Council consists of the presidents of the four classes, and one representative from each of the following student organizations: Rose Technic, Modulus, Camera Club, Rifle Club, Radio Club, Glee Club, Debate Club, Athletic Association. The financial secretary is elected from the student body by the other members of the council.

In addition to its administrative functions, the Council sponsors the annual St. Pat's Dance which has become one of the traditions of Rose.

PAUL H. MCKEE.....	President
JOSEPH H. WALKER	Vice-President
ROBERT N. LADSON	Recording Secretary

A. S. C. E.

The Rose student chapter of the A.S.C.E. has enjoyed a year of interesting activities.

On October 11 and 12, the senior members of the chapter were guests of the Indiana Section of the A.S.C.E. on an inspection trip through several industries in the vicinity of Chicago. The following places were visited on Oct. 11: Universal Atlas Cement Company of Gary, American Bridge Company of Gary, Standard Oil Company of Whiting. That evening the group was addressed by Mr. M. R. Keefe, chief engineer of the Indiana State Highway Commission, who spoke on the subject, "Engineering in Foreign Countries."

On October 12, the Chicago Dock and Dredge Company and the Inland Steel Corporation were visited. Other schools represented on the trip were Purdue and Notre Dame.

On October 14, a brief meeting was held to select a delegate to the national meeting of the A.S.C.E. student chapters at Birmingham, Alabama, on October 17 and 18. Mr. Lindeman was selected.

On December 5, a meeting was called at which time a talk on "Construction of the Dunes Highway U. S. 12" was delivered by Mr. J. Hallett, Assistant Chief Engineer of the Indiana State Highway Commission.

On January 25, a banquet was held at the Elks Club for the freshmen civils.

At a meeting on February 12, Mr. Bennett presented a paper on the lift bridge over the Cape Cod Canal. Mr. Pearson assisted with the lantern slides.

The chapter sponsored a general assembly for all students on April 14. Through the courtesy of the American Institute of Construction motion pictures of the construction of the Empire State Building were shown. This was very interesting to all.

Standing: R. Averitt.
Row I: M. Long, J. Hughes, D. McCullough, S. Smith,
H. Halberstadt, J. Roberts.
Row II: L. Duenweg, P. McKee, A. Mewhinney.
Row III: F. Blair, E. Denchie, J. Fox, T. Wells.

A. I. E. E.

During the past year the activities of the Rose Branch of the American Institute of Electrical Engineers embraced both technical and social sessions.

The technical program consisted of meetings at which student members presented technical papers.

Luncheons at which addresses were given by faculty members were included in the social program. A lesson in pole climbing with lineman's climbers gave some amusing results.

On October twenty-fifth students from the Rose Branch attended the Great Lakes District Meeting at Purdue University. Here more than three hundred students from sixteen branches, including Rose, were present to take part in the instructive technical sessions and other features of the program.

On April twenty-fourth members of the Central Indiana Sections of the A. I. E. E. were guests of the Rose Branch. Inspection trips and the Rose Show furnished interesting entertainment for the visitors.

Officers for 1935-1936:

I. MARTIN LONG	<i>Chairman</i>
ALBERT B. MEWHINNEY	<i>Sec.-Treas.</i>
PROF. CLARENCE C. KNIPMEYER	<i>Counselor</i>

*Standing: N. Hunt.

 Row II: R. Spain, A. Wood, W. Kasameyer, R. Marks, J. West.
 Row III: C. Macdonald, J. Hufford, W. Sentman, J. Campbell.*

A. S. M. E.

Rose Polytechnic Institute has had an active student branch of the American Society of Mechanical Engineers since 1926. This organization consists of members of the Junior and Senior Classes.

This year student participation in meetings was emphasized in order to give the members the opportunity of speaking before an audience. Several interesting varieties of technical reports were given by the members at the different meetings of the student branch. The majority of the members attended the Chicago Midwest Student Branch Conference. At this meeting the members heard several technical papers presented in keen competition for prizes. The Rose representative, J. Robert Marks, placed third. Members also attended the Chicago Tribune and the Power Show.

The student branch was honored to have Dr. Wm. Batts, President of the A. S. M. E. and Mr. C. E. Davies, National Secretary of the A. S. M. E., present at the branch meeting.

Officers for 1935-1936:

CHARLES E. MACDONALD	<i>Chairman</i>
WILLIAM E. KASAMEYER	<i>Vice-Chairman</i>
JAMES D. HUFFORD	<i>Secretary</i>
RICHARD W. SPAIN	<i>Treasurer</i>
PROFESSOR CARL WISCHMEYER....	<i>Honorary Chairman</i>

Row I: A. Lotze, P. Stark, L. Carroll, D. McCullough,
J. Fox, J. Lindeman, E. Coons, T. Wells, L. Giacoletto,
C. Cromwell, J. Hughes, R. Rotz.

Row II: C. Wischmeyer, N. Wittenbrock, C. Rich, H. Hal-
berstadt, C. Allen, H. Wittenberg.

CAMERA CLUB

The Rose Tech Camera Club was founded at Rose Poly by Professor Ames, first professor of design and drawing. At this time the club was known as the Pyro Club. Later, Professor John B. Peddle became interested and reorganized the club in 1926, giving it its present name of "Camera Club."

Since 1926, the club dark rooms have been improved and modern equipment gives members a very good opportunity to do their developing and printing at a small cost. Any one can easily learn and older members are always willing to teach a new member the fundamental principles concerned.

Officers for 1935-1936:

NEIL A. SALISBURY	<i>President</i>
CHARLES F. RICH	<i>Vice President</i>
CARL R. WISCHMEYER	<i>Secretary-Treasurer</i>
ROBERT HOPEWELL	<i>Keeper of Supplies</i>

Row I: C. Clausen, Jr. A. Foley, R. Shattuck, E. Coons.

Row II: R. Averitt, W. Sentman, L. Duenweg, R. Kahn, J. Dillahun, Mr. Bloxsome.

DEBATE CLUB

The Debate Club was organized in 1928 as a result of the efforts of Prof. John L. Bloxsome. Under his direction ever since then, the club has been rather successful in all of its undertakings.

The subject debated this year was: Resolved, that the United States Congress shall be empowered to override by a 2/3 majority vote, decisions of the Supreme Court declaring acts of Congress unconstitutional. This subject was debated in all the matches the club participated in this year.

At the sixth annual invitational debate tournament at Manchester, both the affirmative and the negative teams had five debates each. The affirmative team won one and the negative team won two. The affirmative lost debates to Indiana State Teachers College and the Indiana Law School of Indianapolis. Both affirmative and the negative teams debated non-decision matches with Hanover. At a dinner meeting of the American Association of University Professors the affirmative and negative teams debated. This was won by the affirmative team.

At the end of the season Prof. Bloxsome entertained the Debate Club members with a very pleasant dinner party at his home.

Members of the teams were selected from the following men:

Affirmative: Louis Duenweg, Robert Shattuck, Edd A. Coons, Joseph Dillahun.

Negative: Warren S. Sentman, Robert A. Averitt, Alden B. Foley, Conrad J. Clausen, Robert S. Kahn.

Officers for 1935-1936:

WARREN S. SENTMAN	<i>President</i>
EDD A. COONS	<i>Sec.-Treas.</i>
PROF. BLOXSOME	<i>Coach</i>

Row I: L. Davis, F. Doenges, L. Carroll, S. Heer, P. McKee, K. Newton, E. Denehie, R. Waddell.

Row II: C. Wischmeyer, R. Dispennett, M. Stanfield, Mr. Hunter, Mr. Bennett, Mr. Spangenberg, D. Overholser, W. Sentman.

Row III: K. Buis, W. Snedeker, J. Hayes, H. Wittenberg, R. Averitt, A. Wood, E. Coons.

GLEE CLUB

The Rose Polytechnic Glee Club is no longer just an organization which affords an opportunity to those students who like to sing and are willing to spend a few hours each week for practice; it has developed into a glee club which is being commended for its musical talent.

Mr. Clyde Bennett was director of the glee club this year. Mrs. Bennett was the accompanist for the club, and Miss Dorothy McCullough, a coloratura soprano, was guest soloist. The club is indeed grateful to Mr. and Mrs. Bennett and Miss McCullough for their services, as they have contributed much to the success of the club this year.

In addition to singing at the Rose assembly, the alumni banquet, and at many high schools and churches, the glee club has broadcasted over Radio Station WBOW and has sung for a great many professional and social meetings. This club was able to purchase a portable amplifying system this year, and it has proved invaluable to the club in presenting its programs.

The work which the glee club has accomplished this year indicates that it is one of the most outstanding activities on the campus. The enthusiasm which has been shown already for the club's membership next year is another indication that the glee club is gaining popularity.

On Thursday evening, May 21, the club presented its annual spring concert at the Hippodrome Theater. Their offering was well attended and the concert closed a season that was quite full of engagements.

Officers for 1935-1936:

C. DANIEL OVERHOLSER	<i>President</i>
CARL R. WISCHMEYER	<i>Manager</i>
PROF. ALFRED T. CHILD	<i>Faculty Adviser</i>

R. Waddell, M. Long, L. Giacoletto, J. Roberts, L. Duenweg.

RADIO CLUB

Although the Radio Club was not the most active of the extra-curricular clubs on the campus, much was accomplished by its individual members. Several in the club received their government licenses and station call letters. There were also a number of short-wave receivers and transmitters, as well as audio-amplifiers built.

One of the improvements in the Club's equipment was the removal of the old battery-operated relays in the radio shack by the lake and the installation of new A.C. operated relays.

Over a six week's period, during the winter months, Mr. Hunter gave code lessons over radio station W9NBZ. The lessons were highly appreciated by amateurs attempting to learn the code as was evidenced by the large number of cards and letters received from all over the Middle West.

It is hoped that next year will find the club's transmitter W9NBZ on the air again, operating on a regular schedule.

Officers for 1935-1936:

ALBERT MEWHINNEY		<i>President</i>
I. MARTIN LONG		<i>Vice-President</i>
EDWARD DENEHIE		<i>Secretary-Treasurer</i>
MR. HUNTER		<i>Faculty Adviser</i>

Row I: J. Fox, R. Schilling, W. Reece, C. Wischmeyer, S. Heer, J. Lindeman, C. Montgomery, W. Reddie, S. Rozgony, J. Hufford.
Row II: R. Dennis, A. Foley, T. Wells, L. Giacoletto, W. Alexander, C. Macdonald, R. Penisten, O. Tonetti.
Row III: W. Wolf, J. Hughes, H. Halberstadt, L. Carroll, J. Campbell, E. Coons.

RIFLE CLUB

The Rose Rifle Club was organized in 1914 to promote small bore rifle practice and to give the students and faculty a means of diversion during the winter months. The club was larger this year than in some previous years, having a membership of sixty-one students.

A team was entered in the William Randolph Hearst Trophy Match, the Fifth Corps Area Intercollegiate Match, and the Society of American Military Engineers Match. Postal matches were held with thirty-two colleges and universities throughout the country.

Appropriate insignia were awarded to members of the R. O. T. C. Rifle Team who placed in one or more stages of the Fifth Corps Area Intercollegiate Match. At the end of the year medals and minor sports letters were awarded to team members and those members who shot consistently high scores throughout the year.

Warrant Officer Kearns is coach of the Rose Rifle Team and in this capacity has proved himself most capable.

Officers for 1935-1936:

LAWRENCE CARROLL	<i>President</i>
HARRY J. HALBERSTADT	<i>Vice-President</i>
EDWARD H. ECKERMAN	<i>Secretary-Treasurer</i>
LIEUTENANT DONALD C. HAWKINS	<i>Faculty Advisor</i>
WARRANT OFFICER SYLVESTER KEARNS	<i>Coach</i>

RIFLE TEAM

RESULTS OF MATCHES:

Fifth Corps Area Intercollegiate Matches—8th place out of 10 competitors.

William Randolph Hearst Trophy Match—10th and 13th places out of 14 competitors.

WINNERS OF RIFLE TEAM MINOR SPORTS SWEATERS:

James W. Campbell
Edward A. Coons
Harry J. Halberstadt

Charles E. Macdonald
Victor W. Peterson

WINNERS OF R. O. T. C. SHIELDS:

Wayne E. Alexander

RESERVE OFFICERS' TRAINING CORPS

The object of the basic course in the R. O. T. C. is to give the students a knowledge of the fundamental training requirements of the Engineer arm of the Military Service and to develop their initiative, confidence and ability, thus qualifying them to instruct untrained civilians and to train and lead squads and sections in combat, in case of a national emergency.

The object of the advanced course in the R. O. T. C. is to qualify for commissions in the Officers' Reserve Corps selected students who have completed the Basic Course and who have demonstrated exceptional qualities of leadership.

Each student taking the advanced course in the R. O. T. C. is required to attend a summer camp for a period of six weeks. The training given there is an application of the general principles of war, as pertains to the use of weapons, combat principles, mess management, field fortifications, drill and command, ponton equipage, and equitation.

Battalion Commander and Staff

Battalion Commander: Cadet Major W. E. Kasameyer.

Battalion Adjutant: Cadet Captain P. D. Bennett.

Battalion Supply Officer: Cadet Lieut. J. H. Walker.

COMPANY A

Company Commander: Cadet Captain H. E. Garmong.

Platoon Commanders:

1st Platoon—Cadet First Lieutenant W. R. Creal.

2nd Platoon—Cadet First Lieutenant C. D. Overholser.

Cadet 1st Sergeant—J. A. Hughes.

Cadet Staff Sergeant, 1st Platoon—E. A. Coons.

Cadet Staff Sergeant, 2nd Platoon—L. Carroll.

Cadet Sergeants, 1st Platoon—T. N. Wells, E. T. Cromwell.

Cadet Sergeants, 2nd Platoon—P. E. Giffel, H. J. Halberstadt.

Cadet Corporals—E. H. Eckerman, M. L. Stanfield, R. White, N. G.
Wittenbrock, R. E. Pearce, W. D. Wolf, J. L. Giacoletto, W. G.
Staley.

Guidon Bearer—J. A. Greenland.

COMPANY B

Company Commander: Cadet Captain J. W. Campbell.

Platoon Commanders:

1st Platoon—Cadet Lieutenant L. Duenweg.

2nd Platoon—Cadet Lieutenant W. S. Sentman.

Cadet 1st Sergeant—R. A. Averitt.

Cadet Staff Sergeant, 1st Platoon—J. B. Stineman.

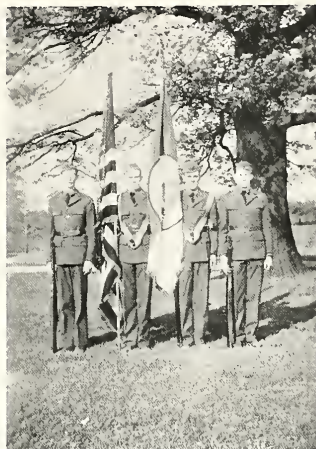

Cadet Staff Sergeant, 2nd Platoon—W. R. Snedeker.

Cadet Sergeants, 1st Platoon—J. Sonnefield, A. B. Foley.

Cadet Sergeant, 2nd Platoon—C. E. Cromwell.

Cadet Corporals—K. L. Buis, W. E. Carroll, J. F. Shake, G. A. Neyhouse, M. B. Scharenberg, C. Van Treese, A. H. Romeiser, J. B. Hunter.

Guidon Bearer—W. Serban.

Members of Tau Nu Tau and their guests

The Rose Polytechnic Chapter of Tau Nu Tau military fraternity held its seventh annual Military Ball on December 14, at the Terre Haute Country Club. Immediately before the dance a dinner was given for the members of the fraternity and their guests.

The ballroom was well decorated with the fraternity and school colors. Music for the dance was furnished by Jimmie Joy and his orchestra. This orchestra proved to be one of the best orchestras that has ever played in Terre Haute.

The Military Ball has become the outstanding social event at Rose.

GUESTS OF HONOR

Mr. and Mrs. Paul N. Bogart.
 Dr. and Mrs. Donald B. Prentice.
 Col. and Mrs. Thomas L. Sherburne.
 Col. and Mrs. Benjamin E. Wimer.
 Maj. and Mrs. J. W. Bulger.
 Maj. and Mrs. C. C. Knipmeyer.
 Capt. Joseph H. Stevenson and Miss Helen E. Mahley.
 Capt. and Mrs. Paul D. Harter.
 Capt. and Mrs. Roland E. Hutchins.
 Capt. and Mrs. Harve N. Chinn.
 Lieut. and Mrs. Donald B. Hawkins.
 Warrant Officer and Mrs. Sylvester Kearns.

HOME-COMING

On Saturday, October 26, Rose held its annual Home-Coming Dance at the Rose Gymnasium. Despite the fact that Rose was beaten in its homecoming football game, alumni and students were pleasantly entertained by a first class bonfire on the Campus. Tau Beta Pi fraternity again furnished hot-dogs and plenty of good cider. The day was finally brought to a close with the dance, which was sponsored by the senior class.

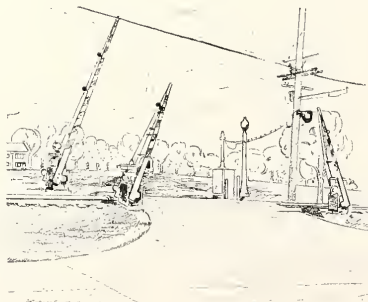

Music for this annual affair was furnished by Bob McKittrick and his orchestra.

Guests of Honor for this dance were Professor and Mrs. Wischmeyer, Mr. and Mrs. H. C. Gray, and Mr. and Mrs. H. N. Chinn.

INTERFRATERNITY

On January 11 the fraternities on the campus held their annual interfraternity dance in the school gymnasium. Bob Cashner and his "Kings of Rhythm" played for the occasion. The gymnasium was decorated in rose and white. Carved bone elephants were given the guests as souvenirs. The dance was well attended. The committee in charge, which included one representative from each fraternity, was as follows:

Alden B. Foley, John W. Fox, J. Allan Greenland, Thomas N. Wells.

ST. PAT'S DANCE

St. Pat was a great engineer. It is said that he, single handed, drove all the reptiles out of Ireland. This day is almost universally celebrated among Engineering Colleges in some way or another.

Rose students celebrated this anniversary with the customary dance at the Trianon on March 17. The ballroom was appropriately decorated in green and several shamrocks and make believe reptiles were in prominence. Music for the occasion was furnished by Don Kaye and his Orchestra.

Faculty guests for this dance were Dr. and Mrs. C. P. Sousley, Dr. and Mrs. P. G. Hoel, Mr. and Mrs. A. T. Child, and Mr. and Mrs. H. C. Gray.

THE JUNIOR PROM

The outstanding event of the spring social calendar was the Junior Prom. The dance was a formal affair and was held at the Terre Haute Country Club, which was well decorated in the school colors. Music for this gala affair was furnished by Chic Myers and his CBS orchestra.

The chaperones for this dance were Dr. and Mrs. Paul G. Hoel, Mr. and Mrs. John L. Bloxsome, Mr. Karl Spangenberg and Miss Helen Brown. The guests of honor were President and Mrs. Prentice, Mr. and Mrs. Paul N. Bogart, and Professor and Mrs. Wischmeyer.

Snap of
Dr. White

At this approximate midpoint of the book we shall pause to pay respect to a man whose affiliations with the school have made him outstanding. That man is Dr. John White—scholar, teacher, gentleman.

The board of managers of Rose Polytechnic Institute has accepted with profound regret the resignation of Professor John White, Ph.D., as head of the combined departments of chemistry and chemical engineering, and as vice president of the institute. Dr. White will complete this June thirty-three years of service as a member of the Rose faculty and during many of these years he has also been an administrative officer. Dr. White tendered his resignation to take effect "at the close of the present college year or when a successor has been appointed" and it has been accepted by the board of managers on this basis.

Dr. White came to Rose as professor of chemistry and chemical engineering in 1903 from the professorship of chemistry at the University of Nebraska. He succeeded Dr. William A. Noyes, who had resigned to become chemist for the United States Bureau of Standards.

Dr. White was graduated from Johns Hopkins University in 1888 and received the degree of Doctor of Philosophy from the same university in 1891. He later spent some time in study at the Universities of Leipzig and Zurich. From 1891 to 1893 Dr. White was an instructor in chemistry at Cornell University. After leaving Cornell he was a member of the faculty at the University of Nebraska for ten years, as instructor, adjunct professor and professor of chemistry.

From 1911 to 1919 and since 1931 Dr. White has been vice president of Rose. In 1916-1917, 1919-1921 and 1930-1931, he served as acting president of the institute.

Dr. White is a trustee of Union Hospital and a member of many scientific and engineering societies. His most recent service to the city of Terre Haute was as a member of the special advisory committee on the proposed purchase of the water works.

In commenting on the resignation, Doctor Prentice made the following statement:

"Some members of college faculties contribute so steadily to the success of their institutions and become such valuable factors in the academic progress that it seems inevitable that the partnership should go on forever. Dr. John White is a man of this type. His share is an essential part of the life of Rose. It is hard for us to realize that we must face the termination of this partnership. But nearly a half century of service deserves years for recreation and travel and Dr. White has more than earned the pleasures which these years will bring. His major interest will always be Rose and his wise counsel will be available in the future as it has been since 1903.

"During the years in which Dr. White has guided the chemical engineering department much progress has been made and many successful graduates have received degrees in this field.

"Dr. White was largely instrumental in securing recognition for Rose by the installation of a chapter of Alpha Chi Sigma, the professional chemical engineering fraternity. This organization has brought together undergraduates and many industrial chemical engineers of Terre Haute to the great benefit of the students. Within the last three years Dr. White has supervised the installation of an entirely new laboratory of industrial chemistry at Rose, a very important addition to the teaching equipment.

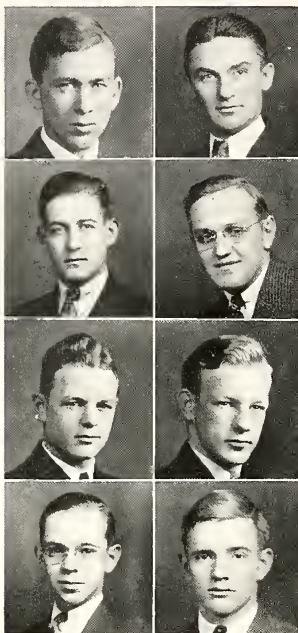

"In his administrative capacity as vice president, Dr. White has been of inestimable value and service to Rose. There has been no break in the history of the college in the interims between successive presidencies. Decisions have been made and problems settled with regard for the continuity so essential for smooth operation. And as a member of several important committees Dr. White has continuously been active in college and student affairs.

"But perhaps the most important influence which Dr. White has exerted on generations of Rose men is that of a fine gentleman and a scholar; an influence indirect, by quiet example, but potent. Always standing for sound scholarship and thorough training, Dr. White has never compromised with mediocrity and his students have carried these standards with them into laboratory and factory to the everlasting good of their fellow workers.

"It will be difficult to find a worthy successor; his essential kindness and loyalty are indicated by Dr. White's expressed willingness to continue as a full-time member of the faculty until the problem of a new appointment has been solved. Rose will sorely miss the friendly and stimulating influence of Dr. White."

Athletics

PAUL D. BENNETT

WILLIAM E. KASAMEYER

ALECHI F. GARZOLINI

JAMES A. HUGHES

WENDELL E. CARROLL

WILLIAM D. WOLF

CHARLES B. DRIEKE

ROBERT P. MCKEE

ATHLETIC ASSOCIATION

The athletic association consists of two members from each of the four classes in school. It is responsible for the student administration of athletics at Rose. It has general control over all sports and is entrusted with the care of the athletic grounds and equipment. Upon the recommendation of the coach of athletics letters and sweaters are awarded by this association.

Officers for 1935-1936 were:

PAUL D. BENNETT		<i>President</i>
ROBERT P. MCKEE		<i>Secretary</i>

COACH BROWN

Phil Brown, better known to all the students as "Coach," graduated from Butler College in 1923, where he was active in three major sports. He was a star at Butler as a tackle, and football, which was and still is, his favorite sport.

After graduating from Butler he took the position as coach at the Marshall, Illinois, high school. From there he went to Portland, Oregon, where he was connected with the Multnomah Athletic Club. He then went to the Washington College at Chesterton, Maryland, as head coach of football.

In 1928 Coach came to Rose Poly. It was a tough grind for the new coach to build up a team from the material at his disposal, but he succeeded. In 1930 he turned out a winning combination that was listed in national papers as being one of the 17 unbeaten and untied teams in the country. To make the year a success, Coach was given the honor of being one of the "All American Coaches".

For the past five years the material on hand has been very limited. This, along with the fact that he has to build up a new team each year, has made it utterly impossible to develop winning teams. But the teams he does put on the field have always lived up to the title of the "Fighting Engineers".

Coach Brown is one of the few coaches in the country that has the ability to give to his men the style of play best suited for them. Although he modestly gives credit for the games won almost entirely to the material at his disposal, it is very evident that a man of great will and strength of purpose is necessary to keep such a small squad from moral disintegration.

Coach Brown is appreciated and respected by all those who serve under him. He is a leader and yet, the servant of all the students.

Row I—Mgr. R. Spain, M. Stanfield, D. McCuillough, G. Cavanaugh, W. Seymour, W. Krider, Coach Brown, Mgr. J. Walker.
 Row II—E. Wodicka, J. Wilson, A. Garzolini, J. Fox, J. Campbell, R. Laughlin, C. Montgomery, S. Tait.
 Row III—J. Rose, J. Hughes, C. Sears, J. Hufford, R. McKee, H. Garmong, R. Kahn.

The football squad this year was rather small due to the limited material to draw from. Many of the team were untried freshmen, excepting a few experienced mainstays of the team left over from the year before. Again Coach Brown was faced with the problem of building a team from green material. After a few weeks of practice the team looked fair. The main draw-backs were the lightness of the whole squad and the lack of reserves. The backfield, while fast, was the lightest ever to represent Rose, and the line was not heavy enough to offset this weakness. However, the team showed that it does not take beef alone to make a team, as the boys outplayed and outfought teams that outweighed them as much as 20 pounds to the man.

1935 Football Schedule and Results

Sept	28	At Evansville	Evansville	12	Rose	6
Oct.	5	At Home	Holbrook	0	Rose	46
Oct.	12	At Wabash	Wabash	60	Rose	3
Oct.	19	At Home	St. Joseph	24	Rose	6
Nov.	2	At Earlham	Earlham	15	Rose	0
Nov.	9	At Home	Oakland City	6	Rose	21
Nov.	16	At Franklin	Franklin	27	Rose	0

The seniors who played their last game for Rose Poly were: Captain James Hufford, George Cavanaugh, Harry Garmong, James Campbell, Raymond Laughlin, and Sam Tait. To these who are leaving we give a vote of thanks and to the new men who will be back, let's see the old pepper next fall and back Coach in making the team the best of many years.

DON MCCULLOUGH

JIM HUFFORD

ED WODICKA

JIM HUFFORD, Captain (Quarterback)

Jim was the leader of the "Fighting Engineers". He was an excellent captain and due to his never-die spirit the team enjoyed a very successful season. He was hurt during the first game of the season, but a little thing like injuries did not keep him on the bench. Jim was the triple threat man this year and was feared by every team Rose Poly played. Always outweighed but never outplayed, Captain Hufford pulled his team through many discouraging situations.

ED WODICKA, Co-Captain Elect (End)

Ed was one of the best ends Rose has seen in many years. He has played regular at that position ever since he entered Rose three years ago. Trying to run around his end is like trying to buck a brick wall. Ed is a very quiet fellow and is very dependable. He could always be depended upon to come through on receiving passes.

DON MCCULLOUGH, Co-Captain Elect (Guard)

Don played in the left guard position for the whole season and very few gains were made through him. With experience gained from past seasons with the "Fighting Engineers" he proved himself valuable during the past season. The giant of the Engineer squad was used at the position where his size proved a help in repelling the line plunges of the opposing elevens. Don will make an excellent captain.

JIM CAMPBELL (Halfback)

Jim was hard to beat when it came to bucking the line. Jim played his fourth and last year of football for Rose. He has been one of the mainstays on the team for four years. His main weakness was his poor memory of signals. However, he was always forgiven; whenever a few precious yards were needed the ball was handed to Jim.

GEORGE CAVANAUGH (Guard)

Playing his last year on the varsity squad after a year's absence from the school and the gridiron, George filled in a guard position. With his experience he could be depended upon to fill in either at guard or a tackle position.

HARRY GARMONG (Halfback)

Harry played left half and was our speed merchant. His size handicapped him on line bucks, but he sure could circle the ends. Rose will miss him.

RAY LAUGHLIN (End)

Ray was one of the team's surest tacklers. He was always a threat to the opposing team. Ray has played his last game for Rose and was very well liked by his team mates. He was known to the fellows as the "God", but most of the teams he has played against would call him the "Devil". A team mate is also known to have called him by that name.

MAX STANFIELD (Fullback)

Max, playing his first year on the varsity, made a remarkable showing. He was a hard hitting fullback who did much to make the season a success.

SAM TAIT (End)

Sam held down the right side of the line for Rose Poly. He is a fast, rangy man, built perfectly for an end, and his playing during the past season made him one of the outstanding men on the squad. Tait will fight no more for the Old Rose and White on the football field.

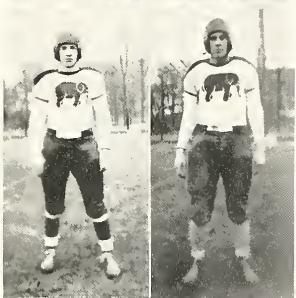

JOHN FOX (Center)

The center of Rose Poly's line for the entire season was made stable by the husky Fox. He started and finished the season in that position, and will in all probability be used there next year. Johnny was a wonder at backing up the line and was always in the midst of things (including fights). He has one more year to battle for Rose Poly, and we hope he will go as good in the future as he has in the past.

CHARLIE FULLER (Tackle)

Charlie played a very consistent game at the tackle position. He was a tower of strength on defense and was never found wanting. He has two more years of varsity ball to play and much is expected of him during these next two seasons.

JIM HUGHES (Halfback)

Jim's experience this year should prove valuable to the squad next fall. He has one more year of football.

BILL KRIDER (Center)

Bill played good football in his first year of varsity competition, and, with this year's experience to help him, should do much better next year.

BOB MCKEE (Halfback)

Bob was a halfback of no mean ability. He was always on the job and ready when called upon. He has made an excellent showing for a freshman and much is expected in the next three years.

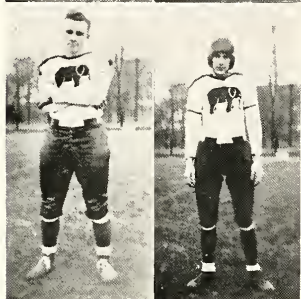

BUZZ MONTGOMERY (Tackle)

Buzz, playing his first year on the varsity, made a remarkable showing. Because of his sturdiness and experience on the line, he fitted into the tackle position very well, and should prove more successful in his three remaining years at Rose.

BOB KAHN (Guard)

ALECHI GARZOLINI (Guard)

JOHN WILSON (Tackle)

JOHN SEYMOUR (Tackle)

NON-LETTERMEN

A great deal of credit is due to these men. It is men like these who make a team what it is. They make it possible to have scrimmages and squad drills which are so essential in the developing of a squad. Although not awarded, the student body honors these men as high as the varsity. These men took the beating and punishment from the first string team and deserve as much credit as the team that represented Rose Poly on the field. Since all of these men are underclassmen, their efforts have been of value to themselves in that they will probably be letter men next year.

Managers Walker and Spain served the team faithfully. Never let it be said that the team ever went hungry. Next year's team is going to miss the services of two excellent managers.

Assistant Managers: Carl Wischmeyer, Junior; George Neyhouse, Sophomore; John Hayes, Sophomore.

BASKETBALL

For the first time in four years Rose Poly was again represented by a basketball team. It was a team hampered by lack of experience and practice, but nevertheless a beginning in Hoosierdom's favorite sport. After a brief series of intra-mural basketball games between departmental teams, Coach Brown picked a squad of men and drilled them for only four days before the first game. The team developed rapidly after the first two setbacks and climaxed the season with a trip to Michigan. In defeating Lawrence Institute of Detroit and dropping a game to Adrian College, the charging el-infants broke even in the series. (This nickname is derived from the stature of the team members and not from their spirit. The team was consistently smaller than its opponents.) The final game of the season was played in the Rose Gymnasium before a crowd of cheering fans, who were pleased to see Rose win a second game from Lawrence. The list of games and scores follows:

Rose—28	Anderson—46
Rose—16	Indiana Law School—22
Rose—20	Anderson—17
Rose—21	Indiana Law School—22
Rose—24	Charleston Teachers—54
Rose—25	Lawrence Tech—23
Rose—29	Adrian College—37
Rose—16	Charleston Teachers—46
Rose—26	Lawrence Tech—16

BASKETBALL

At the close of the season the team members elected Albert Mewhinney honorary captain for the year. The team will lose by graduation Captain Mewhinney, Kasameyer, and Hufford. Next year's captain will be Ed Wodicka. Major letters and sweaters were awarded to Mewhinney, Kasameyer, Hufford, Wodicka, Wolf, Eckerman, Smith, Ladson, and Manager Merriman.

The climax of the basketball season was a banquet in which the team members were the guests of Coach Brown. The object was to eat, and everyone enjoyed himself immensely by eating too much. However, the opinion of the coach indicates that the capacity of this year's team was much below the capacities in former years.

Basketball prospects for next year are fairly bright, because only three men from the entire squad will be lost by graduation. The short season just past was an agreeable surprise, and with the experience gained by the players, the team should be much better. The letter men returning are Captain Wodicka, Eckerman, Wolf, Smith, and Ladson. With these men as a nucleus and additional men entering school, the team should win more than its share of games. Games have been scheduled with the following schools: DePauw, 1 game; St. Josephs, 2 games; Lawrence, 2 games; Anderson, 2 games; Taylor University, 2 games; University of Western Ontario, London, Ont, 1 game. Enough additional games will be scheduled to round out a full schedule.

The Rose basketball squad opened its season on January 7, in a game with Anderson College of Anderson, Indiana. The Engineers put up a grand battle, considering that they had had only five days of practice before this game. The final score was Anderson 46, Rose 28. Mewhinney was the leading scorer for the Engineers with six points.

The Rose squad played its second game at home against the Indiana Law School of Indianapolis, Indiana. The team showed a marked improvement, but was nosed out of victory by a score of 22-16. Kasameyer was high scorer.

Because of bad weather the game with Eastern Illinois at Charleston, Illinois, on January 22, had to be postponed.

On February 14, the Rose basketball team hit their stride and avenged an early season defeat at the hands of Anderson with a rousing 20-17 victory.

Wolf played an outstanding defensive game by bottling up the ace scorer of the Anderson squad.

On February 24 the squad traveled to Tecumseh, Michigan and played Adrian College of that city. The Engineers were again nosed out of victory in a last half by a score of 37-29. Mewhinney and Ladson tied for high scoring honors, each making five points.

On February 25 Rose played the Lawrence Institute of Technology of Detroit, Michigan. The Rose cagers were more successful in this encounter; they defeated Lawrence by a score of 25-23. Scoring honors again went to Mewhinney, who accounted for seven points.

On March 6, Indiana Law School invaded the Rose Poly gym and defeated Rose Poly in a terrific overtime battle by a score of 22-21. Wodicka was high scorer with 7 points.

NON-LETTERMEN

These men deserve as much credit, if not more, than the varsity team. It is men like these who help build up a team. They did not play in any great number of games but contributed their time and energy to the team's success. We hope they will get more recognition next year:

LAMONT FORSYTHE

ROBERT MCKEE

VINCENT COADY

RICHARD HARDMAN

RALPH WHITE

Managers: MERRIMAN and BLOUNT. Merriman received a letter and sweater.

GEORGE SMITH (Guard)

George fitted into the team as a guard. He was a strong defensive man and showed a remarkable ability to work the ball down the floor. He will be a great help to Rose during the next three years.

ROBERT LADSON (Guard)

Bob is a freshman who made an excellent showing on the basketball floor. He improved with every game and became the main cog of the defense. He also has three more years to play.

ALBERT MEWHINNEY (Guard)

Ab was a rather small man, but he made up for this in fight and speed. Ab was best on defense although he was high point man in most of the games played. He leaves us in June.

WILLIAM WOLF (Forward)

Speedy, and with enough endurance to fatigue five ordinary men—that was Bill Wolf. He roamed the floor and was in every play. He will be back next year to fight for the Old Rose and White.

JAMES HUFFORD (Guard)

Jim had a good eye for the basket and made numerous shots when most needed. He was a fighter from the beginning to the end and was always in the thickest of the fray. We are sorry to see Jim leave us.

WILLIAM KASAMEYER (Forward)

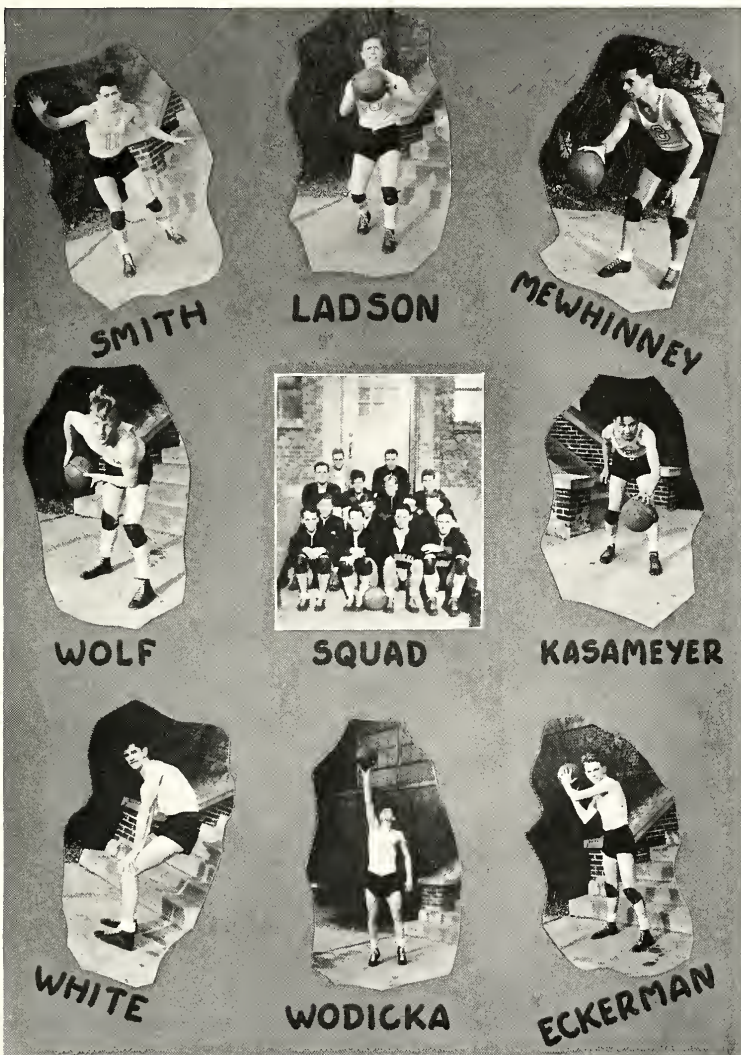

Bill was one of the most valuable men on the squad, not only because of his basketball ability, but because of his mental attitude toward the interests of the team. Bill graduates in June.

EDWARD WODICKA (Center)

Ed played center. His strong points were his accurate passing and his ability to make short shots. Ed has one more year to play.

EDWARD ECKERMAN (Center)

Ed played a nice game of basketball all through the season. He was a sure shot on fouls and had a neat eye for the basket. With two years to play, "Ed" should be the mainstay for those seasons.

Intramurals

BASKETBALL

With the close of the football season, intramural basketball again made its appearance at Rose. This sport has proved to be very popular with the students since its introduction three years ago. Coach Phil Brown, who directs and officiates at all games, made up the program. As scheduled, games were played until about January 15, at which time intercollegiate basketball was the order of the day.

Every student in school is urged to take part in these games which are held in the gymnasium after school hours. The school provides all of the necessary equipment with the exception of shoes, which must be furnished by the player. It is an established rule at these contests that any man who dresses for a game must play at least seven minutes; consequently, win, lose, or draw, everybody has a good time.

The Chemicals won the tournament this year.

TENNIS

There will be no varsity tennis team this year because work on the Rose Show made it too late in the season to begin practice. However, there will be an intra-mural tennis tournament in both singles and doubles. Interest is running high, and every clear day finds some students diligently practicing. Albert Mewhinney, last year's champion, is seeded number one in the standings, but several players will attempt to displace him.

BASEBALL

Seemingly because of a lack of interest, each department this year did not have enough men for an individual team. Consequently, the Civils and the Chemicals were organized as a team and the Electricals and the Mechanicals as another. Several games were played with this arrangement; then, the departments were combined in another manner. Five inning games were played in each game.

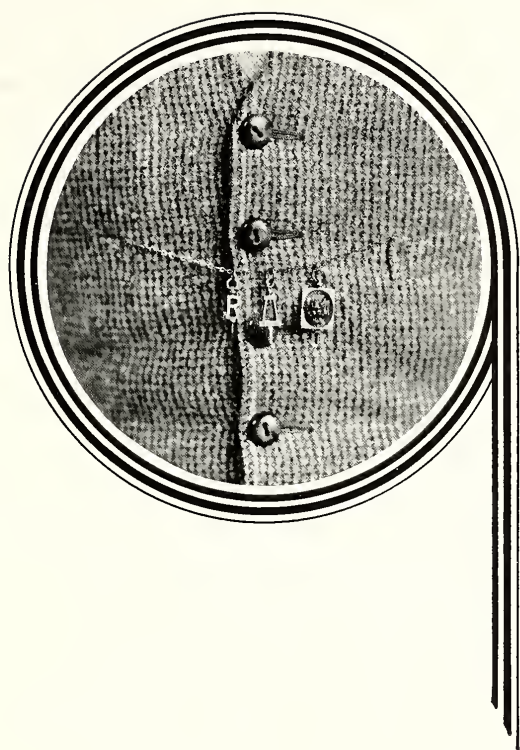

In Memoriam

The Rose Student body and the members of the faculty were greatly shocked by the death of Robert Danner, a member of the senior class here at Rose, which occurred October 18, 1935.

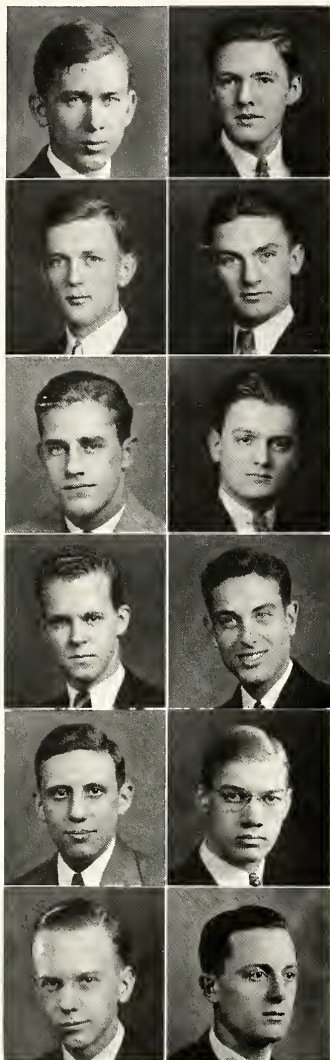

Mr. Danner would have been graduated from the Institute this spring as a civil engineer. He entered Rose as a sophomore in February, 1933. During the two years prior to that time, he had been a student at the General Motors Institute of Technology, Flint, Michigan.

To his brother, Rufus Danner, who was graduated from Rose in 1934 as a mechanical engineer, and to his parents Rose extends its deepest sympathies.

Honoraries

Dr. Edward Higginson Williams founded the Tau Beta Pi association at Lehigh University in 1885. The local E^a honorary fraternity was installed as Indiana Beta of Tau Beta Pi in 1928. There are now 65 chapters of Tau Beta Pi.

Indiana Beta climaxed the year's activities by entertaining with a formal dinner party on Monday evening, May 10, at the Terre Haute House.

ROSE HONOR MEN

The Student Council awards the Rose Honor Key to those students who have achieved outstanding recognition in diversified extra-curricular activities. Each student activity is rated in honor points, and if a man earns twenty of these points in one year or fifty in four years, he is eligible for a key.

Row I—James W. Campbell, Louis Duenweg, Harry E. Garmong.

Row II—James D. Hufford, William E. Kasameyer, Raymond R. Laughlin.

Row III—Charles E. Macdonald, Paul H. McKee, Albert B. Mewhinney.

Row IV—C. Daniel Overholser, Warren S. Sentman, Robert Shattuck.

Row V—Joseph H. Walker, Robert A. Averitt, Lawrence Carroll.

Row VI—Edd A. Coons, Edward J. Wodicka, Robert N. Ladson.

Fraternities

ALPHA TAU OMEGA

Alpha Tau Omega Fraternity was founded at Richmond, Virginia, in 1865 by Otis Allen Glazebrook, Alfred Marshall, and Erskine Mayo Ross. Gamma Gamma Chapter was installed at Rose in 1893. There are now 96 chapters of Alpha Tau Omega.

Row I—William R. Creal, Louis Duenweg, William E. Kasameyer, Raymond R. Laughlin, Paul H. McKee.

Row II—Carrol R. Merriman, Albert B. Mewhinney, C. Daniel Overholser, Byron Pearson, Neil A. Salisbury, Warren S. Sentman.

Row III—Robert Shattuck, Robert A. Averitt, Edd A. Coons, Earl T. Cromwell, Clyde E. Cromwell, Paul E. Giffel.

Row IV—Charles F. Rich, Robert I. Sears, Walter R. Snedeker, John B. Stineman, Carl R. Wischmeyer, Hubert Wittenberg.

Row V—Kenneth L. Buis, Wendell E. Carroll, Conrad J. Clausen, Edward H. Eckerman, J. Allen Greenland, John B. Hunter.

Row VII—J. William Adair, H. Logan Conrath, H. Logan Davis, Richard T. Hardman, H. Scott Heer, Robert S. Kahn.

Row VIII—Robert N. Ladson, W. Merritt Noel, William M. Seymour, George W. Smith, Edward O. Spahr, Malcolm A. Steele.

Faculty members—Carl Wischmeyer, Benjamin Pine.

SIGMA NU

Sigma Nu Fraternity was founded at Virginia Military Institute by James F. Hopkins in 1869. In 1895 the Beta Upsilon Chapter was installed at Rose Tech. There are now 99 chapters of Sigma Nu.

Row I—John W. Mann, Richard W. Spain, Samuel Tait.

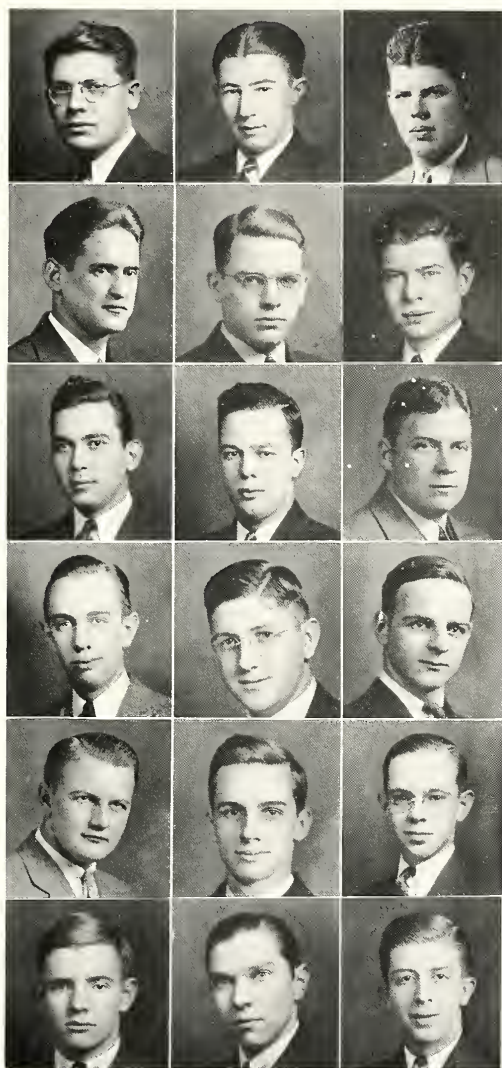

Row II—Arthur F. Wood, Frank E. Blount, Lawrence Carroll.

Row III—Stanley L. Cox, John W. Fox, Donald McCullough.

Row IV—Rhiman Rotz, Wayne E. Alexander, William J. Butler.

Row V—Charles G. Fuller, John R. Hayes, Charles B. Drieke.

Row VI—Robert P. McKee, C. Paul Stark, Richard G. Weldele.

THETA KAPPA NU

In 1924, representatives of eleven local fraternities assembled at Springfield, Missouri, and founded the Theta Kappa Nu Fraternity. Indiana Gamma Chapter was installed at Rose in 1925. There are now 54 chapters of Theta Kappa Nu.

Row I—Paul D. Bennett, Raymond J. Harrod, Norman Hunt.

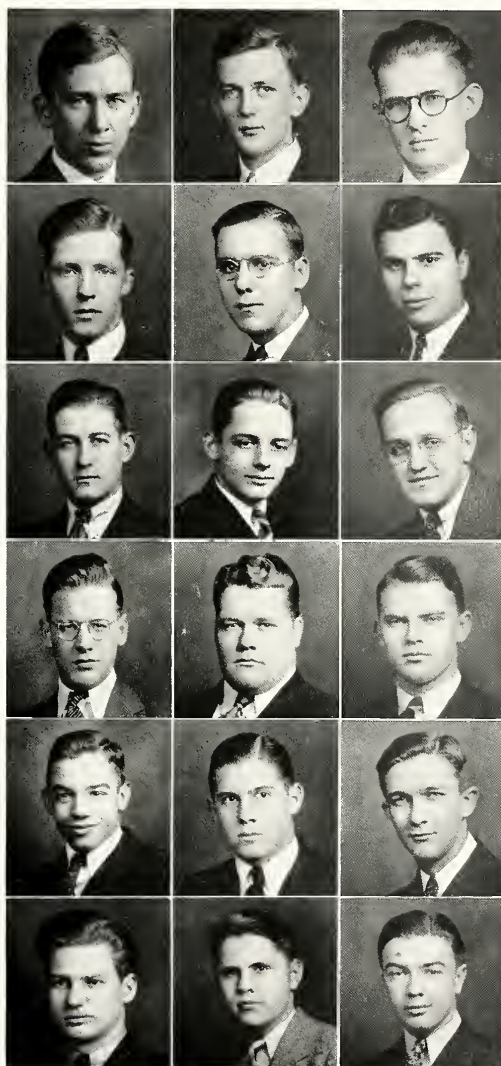

Row II—William G. Lindeman, E. Kendrick Newton, Alden B. Foley.

Row III—Alechi F. Garzolini, Harry J. Halberstadt, James A. Hughes.

Row IV—John Sonnefield, Claude Allen, Robert N. Lucas.

Row V—Francis A. Marasco, Chancellor D. Montgomery, Richard W. Powell.

Row VI—Robert W. Schilling, Randall H. Wise, John W. Yaw.

ALPHA CHI SIGMA

Alpha Chi Sigma Fraternity was founded at the University of Wisconsin by a group of undergraduate chemists in 1902. Iota chapter was installed at Rose in 1909. There are now 50 active chapters and 14 professional chapters of Alpha Chi Sigma.

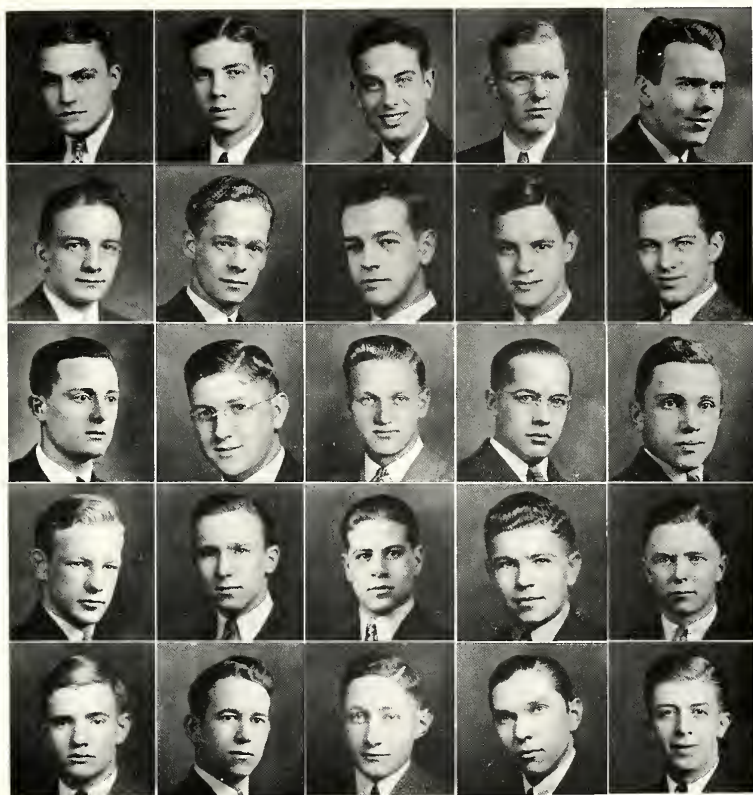

Row I—George E. Cavanaugh, Hubert Lyon, C. Daniel Overholser, Neil A. Salisbury, Robert Shattuck.

Row II—Edd A. Coons, Earl T. Cromwell, Charles F. Rich, Robert I. Sears, Walter R. Snedeker.

Row III—Edward J. Wodicka, Wayne E. Alexander, Conrad J. Clausen, Joseph Dillahun, Norman G. Wittenbrock.

Row IV—William D. Wolf, Robert J. Burger, H. Logan Davis, Robert S. Kahn, Robert N. Ladson.

Row V—Robert P. McKee, George W. Smith, Edward O. Spahr, C. Paul Stark, Richard G. Weldele.

Tau Nu Tau Military Fraternity was founded at the University of Illinois in 1929. The chapter at Rose Tech was installed in the summer of 1930. There are now 3 chapters of Tau Nu Tau.

INTERFRATERNITY COUNCIL

The Interfraternity Council is composed of two members from each of the four social fraternities at Rose, chosen by their respective fraternities at the beginning of each year. It is the duty of the council to settle all issues pertaining to rushing.

For the past two years the council has sponsored a dance.

A TEST OF TECHNICAL TRAINING

The depression has tested many things, among them the value of higher education. How has engineering training stood this test? The answer is found in the employment records of technical graduates. Of all the Rose graduates of the six depression classes, 1930 to this year inclusive, 93.5 per cent are now employed. For full information on the courses which prepared these men in Chemical, Civil, Electrical and Mechanical Engineering, write to the registrar.

An enterprising gentleman from the East Side had procured a hot dog concession in the lobby of the J. P. Morgan banking establishment. He set up his stand, and was doing quite well.

One day an old friend of his chanced to walk through the lobby. Seeing his comrade back of the hot dog counter, he rushed over and greeted him warmly.

"How are you doing here, Max?" he asked.

"Fine! Great! Marvelous," replied his friend.

"Is that so? Well, I'm very happy to hear that. By the way, Max, could you lend me fifty dollars for a week or so?"

"Oh, I'd love to, Joe, but I can't."

"Why not?"

"Well, on account of our agreement."

"What kind of an agreement?"

"Well, before I came into this place, I made an agreement with J. P."

"You did! What does it say?"

"Well, Mr. Morgan agreed not to sell any hot dogs if I agreed not to make any loans."

◆ ◆ ◆

The teacher suggested that the children should draw on a piece of paper what each one of them should like to be when they grew up. At the end of the period little Gargantan, age nine, handed in a blank sheet of paper. "Why, Gargy, isn't there something you'd like to be when you grow up?" asked the teacher.

"Yes, teacher, I'd like to get married, but I don't know how to draw it," was the astute answer.

◆ ◆ ◆

A pretty young lady who had a poodle dog in her lap was riding on a street car. A blue nosed lady sitting next to her remarked: "What a nasty little dog! Don't you think, young lady, it would look nicer if you had a little baby in your lap?"

"No," the pretty one replied in calm, even tones, "it wouldn't. You see, I'm not married."

It seems a young man on his way to a date had a flat tire. He got the flat off after much trouble and then went to the rear of the car to attempt the spare. He exhausted every tool in his kit on the thing, but still it would not come off. Finally he began swearing at the top of his voice. Imagine his embarrassment to find the minister of his church behind him with a very disapproving expression on his face.

"Young man, why don't you try praying?" said the minister sternly.

Being at the end of his rope, the young man got down on his knees and prayed.

"Oh, Lord, please loosen this spare tire for me. Amen."

As he got up from his kneeling position he touched the tire which then fell onto the ground. The minister stared open-mouthed for a moment.

"Well, I'll be damned!" said he.

MISTAKEN IDENTITY

A certain young man received a telegram from an undertaking establishment of a nearby town informing him that his Aunt Minnie (a very dear old relative) had died and that the body was being shipped on to him for burial. On the day that the body arrived at the station the young man was seized with an irrepressible longing to see again the face of his beloved aunt. Ordering the station agent to open the wooden case containing the corpse, he gazed in upon her. To his surprise he beheld the body of a general (for such it evidently was) bedecked in uniform, medals and other trappings that belong to our war heroes. Immediately he wired the undertakers for an explanation. Soon came a reply: "Please give general quiet funeral. Have buried Aunt Minnie with full military honors."

She: "Will you ever stop loving me?"

He: "Well, honey, I've an eight o'clock class in the morning."

♦ ♦ ♦
Punster: "Have you heard the new locksmith's song?"

Victim: "No. I'll bet it's a peep."

Punster: "Latch keys and make-up."

—*Banter.*

He: "Why are you sprinkling grass seed all over yourself, Miss Garbo?"

She: "I want . . . to be . . . a lawn."

—Kitty Kat.

◆ ◆ ◆

Little Audrey's mother wanted her to be a duchess, but little Audrey just laughed and laughed because she knew her mother didn't know any dutchmen.

—Yellow Jacket.

◆ ◆ ◆

Kind old lady: "My good man, pray what has caused your sad plight?"

Former collegiate: "I have been daunted by the dangling dogs of destiny, scorned by the scurvy skunks of circumstances, and foiled by the frosty fingers of fate."

—Bear Skin.
